About

Precise, adaptive, and goal-driven UI / UX Designer with background in photography and videography. Experienced in communicating with people from different backgrounds, identifying and solving customer problems to enhance their experience.

Projects

Photography

- Created a responsive website and mobile app for E-commerce from scratch
- Conducted competitive analyses, user interviews, developed user personas, created user flows, and sitemaps.
- Designed low, mid and high fidelity wireframes, mockups prototypes and created animation.

Photolookout

- Designed a responsive location based web app for photography enthusiasts.
- Identified what recommendations do users want and how to include them in my design.
- Implemented a functional UI design for convenience and ease of use.
- Incorporated the Lean UX design approach, knowing this is the most viable way of developing my app.

InMind

- Created a mobile version of a productivity app prepared for a handover to developers.
- Designed aesthetically pleasing and easy to use UI design with younger audience in mind.
- Followed Google's material design guidelines for dark theme.

Work experience

Worker in logistics for university hospital | March 2018 - till now

- Responsible for ordering and distributing medical equipment for surgeries and emergency events in a diverse and fast paced environment

Worker in retail, Simobil d.d | September 2009 - December 2017

- Selling communication equipment to private and business customers, involved in the customer education process and providing education on how to get the most out of their purchase, dealing with warranty claims.

Education

UI immersion design course, CareerFoundry | March 2021 - November 2021

- UI / UX desing study and implementation, resulting in the end-to-end design of 4 applications. Continued with specialization in Frontend Development for Designers.

Faculty for Multimedia | Ljubljana October 2010 - September 2014

- Aquired a profound knowledge of photography, videography, and mass media during my studies.
